

NEW - INDUSTRIAL PLIERS - GROOVE JOINT - SUPER HEAVY DUTY - 10"

Product # 730262 | Model # GJ-250SHD

- Chrome Vanadium steel construction for heavy duty industrial applications
- Computer-controlled machining of all mating surfaces guarantees smooth operation and maximum stability under load
- High frequency induction heat treated cutting edges hardened to HRC56 - 65 for long life and excellent performance on a variety of materials
- High frequency induction hardened teeth provide safe grip
- Computer-controlled grinding and sanding processes for a professional look and feel
- Dual injection moulded handles feature a tread-like gripping surface to prevent slipping and enhance user safety
- Phosphate finished with electrophoretic clear coat for resistance to corrosion
- 6 position undercut channels for stability on a wide range of fastener or stock sizes
