

LOCKING PLIERS WITH CUTTER - STEEL JAW - CURVED JAW - 10"

Product # 730458 | Model # J10WR

- Reverse Action release lever is easier to operate under pressure
- Locking nut secures jaw position for fast and easy set ups
- Exclusive ¼" square drive hole in adjustment screw allows use of ratchet or flex bar to increase clamping pressure for extra heavy-duty applications
- Exclusive 9254 steel jaw components offer increased core strength over chrome molybdenum or chrome vanadium jaws
- Jaw hardness increases below the surface, allowing for increased clamping pressure and offering longer tooth life
- Precision ground jaws with backward raked teeth for superior grip
- All models complete with wire cutter (except welding clamps)
- 100% Chrome Molybdenum construction for excellent strength and durability – much stronger than carbon steel handles used on other brands
- Stronger handle steel prevents rivet holes from enlarging over time, leading to rivet failure
- Exceeds ANSI requirements and industry standards
- You can't buy a better, stronger locking plier

TECHNICAL SPECIFICATIONS

Length	10"
Type	Curved Jaw
