

## 7.5" Titanium Glazer Bar

The STILETTO® 7.5-Inch All-Titanium Multifunctional Glazer Bar combines lightweight titanium construction with an extra-strong arched design. It weighs just 3.2 ounces, but the compact bar provides all the leverage you need to set windows or doors, even in tight quarters. Remove door staples up to 3/16 inches long with the Stiletto 7.5-inch glazer bar's patent-pending mid-bar staple puller, or use its two patent-pending multi-fulcrum pullers to remove nails or staples from trim and molding. This Stiletto bar is 1.5 inches wide, 1.5 inches tall and 7.5 inches long, so it fits in any toolbox or nail pouch. The product's flat tip also makes it an excellent scraping or prying tool for light to moderate demolition and cleanup tasks.

## INCLUDES:

[\(1\) 7.5" Titanium Glazer Bar \(FB7G\)](#)

## FEATURES:

- 3.2 Oz solid Titanium bar with super strong arch design/
- Pat. Pending Staple Puller mid-bar pulls 3/16" pre-hung door staples easily
