# MH-300DM

# MANUAL MITER
## HORIZONTAL SCISSOR

## MACHINE SPECIFICATIONS

| | |
|---|---|
| Round Capacity | **90°** - 10.2" \| **45°** - 9.4" \| **60°** - 6.2" |
| Rectangualr Capacity (HxW) | **90°** - 9" x 11.6" \| **45°** - 8.3" x 8.9" \| **60°** - 5.1" x 6.2" |
| Blade Size (LxWxT) | 9'8" x 1" x 0.35" |
| Blade Speed | 60Hz: 125 - 250 FPM |
| Blade Motor | 1.5 HP |
| Hydraulic Tank Capacity | -- |
| Coolant Tank Capacity | -- |
| Work Bed Height | 36" |
| Weight | 749 lbs |
| Dimensions (LxWxH) | 53" x 28" x 52" |

## MACHINE FEATURES

- Hydraulic cylinder plus precision ground hinge support
- Swivel saw head allows miter cutting in both directions
- Adjustable flood coolant system
- Direct drive gearbox
- Carbide blade guides and bearing provides additional blade support
- Rigid cast-iron guide arms
- Blade tensioning system with pressure gauge
- Blade cleaning chip brush
- Heavy duty quick clamp/release vise
- Adjustable down-feed control
- Auto Cut mode with adjustable feed rate
