SELF IGNITING HAND TORCH

Introducing the New Twister[®]2 Self Igniting Hand Torch! Uniweld has combined easy start electric ignition with its popular Twister[®] swirl combustion technology to produce a new, faster lighting and more efficient hand torch for the plumber and HVAC technician.

- Use Mapp[®] or Propane
- Instant flame action
- Use for soldering and brazing of Copper, Brass and Aluminum
- Swirl combustion for high energy efficient flame that's stable even in windy conditions
- Trigger lock with safety feature and instant release
- Perfect flame adjustment knob
- Operates in any position...even upside down

Target Heat

Propane 1750°F (954 °C)
Mapp[®] 2400°F (1316 °C)

Tubing Capacity

	Soldering	Brazing
Propane	up to 2"	up to 3/4"
Mapp [®]	up to 3"	up to 1"
