## Manufactured Products, Inc.

### Distributor Terms and Conditions

Please use barcode numbers to expedite your order processing.

#### Payment Terms:

- Minimum Order: \$ 50.00
- Terms: 2% 15, Net 30
- Unearned discounts will be disallowed
- All orders are subject to acceptance by Shook Manufactured Products, Inc.
- Customers without established credit are requested to submit a credit application and three (3) credit references with first order.

**Prices and availability are subject to change without notice. Prices effect at the time of the order will apply.**

#### Warranty:

Each Shook product carries a limited lifetime warranty. If any tool should break as a result of a manufacturing defect, return it to your place of purchase for repair or replacement. This warranty does not cover damage due to misuse or abuse, tools out of adjustment from use, wear from extensive use, improper use and storage, or any other defect or malfunction of the tool that is other than a manufacturer's defect.

#### Freight Terms:

- No cash discount on freight
- Freight paid on all orders (standard pricing) net \$750.00+
- Freight charges on orders (standard pricing) less than \$750.00 net will be prepaid and added to the invoice

#### Back Orders:

Back orders will be shipped as soon as possible. Back orders from freight paid orders will be shipped freight allowed.

#### Warranty & Returned Goods:

- Shook stands behind all of its products sold
- Returned goods will not be accepted without prior authorization
- Return items must be shipped freight prepaid
- Authorized returns received due to defective workmanship or materials will be repaired, replaced, or credit issued as determined by Shook
- All other approved returns to stock will be assessed a 25% restocking fee

#### Responsibility:

Shook cannot assume responsibility for loss or damage to products in transit. In case of loss, visible, or concealed damage, you, as the consignee, must report such loss or damage to the carrier at once.

**All discrepancies must be noted to Shook within five (5) days of receipt of order.**

#### Credit:

Shipment will be made on open accounts in good standing. No shipments will be made to accounts in arrears.

WELCOME TO  
**SHOOK MANUFACTURED PRODUCTS, INC.**

*Home of the "JIFFY" Chuck!*

WELCOME TO SHOOK MANUFACTURED PRODUCTS INC

SHOOK MANUFACTURED PRODUCTS WAS FOUNDED OVER 50 YEARS AGO BY A MR. QUENTIN SHOOK. QUENTIN, A FORMER CONTRACTOR, TIRED OF BENDING OVER TO PICK UP SHEET METAL SCREWS PERFECTED THE HEX MAGNETIC CHUCK, THE ORIGINAL "JIFFY" CHUCK , A MAGNETIC DRIVER DESIGNED TO HOLD THE SCREWS IN PLACE IN ORDER TO RUN SELF PIERCING AND DRILL-TIP SCREWS. THIS PRECISION MANUFACTURED PRODUCT BOASTS A MACHINE TOOL FINISH AND A STRONG MAGNET IN ADDITION TO EXTREMELY ACCURATE CONCENTRICITY NECESSARY TO ELIMINATE WOBBLE AND A PERFECTLY FLAT SURFACE NECESSARY TO SEAT THE SCREW PROPERLY FOR DRILLING AND DRIVING.

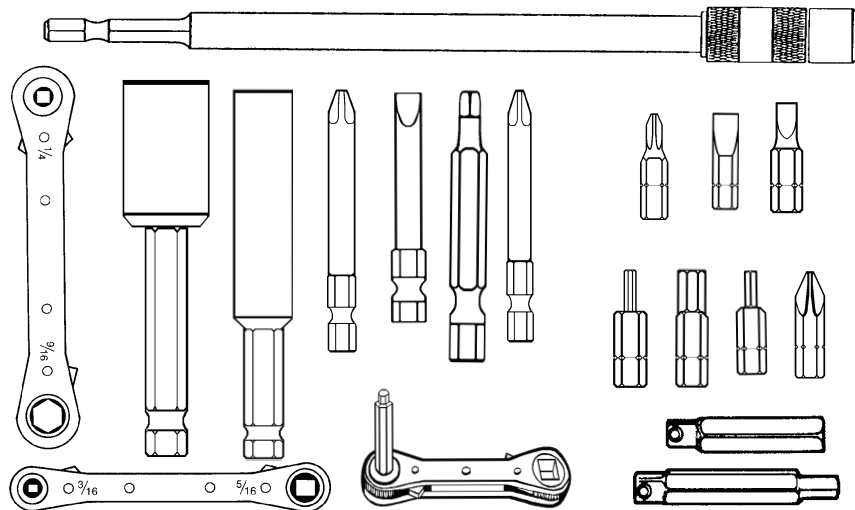

THE SHOOK GUARANTEE OF QUALITY

THE SHOOK JIFFY POINT SCREW IS OUR BEST PERFORMING SHEET METAL SCREW. THE TOOLING AND MANUFACTURING PROCESS IS CLOSELY MONITORED TO INSURE THE PERFORMANCE NECESSARY TO DRILL AND DRIVE SHEET METAL SCREWS WITH SUPERIOR SPEED. IN 2014 SHOOK COMPLETELY OVERHAULED THE JIFFY POINT SCREW WITH IMPROVEMENTS IN RUN TIMES, WIRE HARDNESS AND POINT ANGLE. WE ARE PROUD TO SAY THAT OUR JIFFY POINT SCREW CONTINUES TO INSURE SUPERIOR PERFORMANCE POSITIONING OUR PRODUCT AS AN INDUSTRY LEADING PRODUCT.

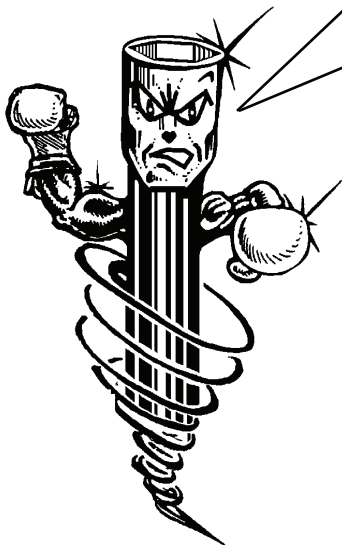

THE KEY TO A CONSISTENT UNIFORM PRODUCT IS THE RESULT OF EXTENSIVE QUALITY CHECKS DURING THE MANUFACTURING PROCESS INCLUDING RUN TIME TESTING. AS PART OF OUR QUALITY CONTROL PROCEDURES WE LIMIT THE NUMBER OF SCREWS RUN BETWEEN TOOL CHANGES AND REQUIRE THE SUBMISSION OF RUN SAMPLES PRIOR TO MANUFACTURING OUR PRODUCTS. IN ADDITION TO THAT WE PERIODICALLY EMPLOY AN INDEPENDENT SOURCE FOR ADDITIONAL RUN TIME TESTS TO INSURE THAT OUR CUSTOMERS RECEIVE THE BEST PERFORMING PRODUCT.

RUN TIME TEST DATA IS AVAILABLE UPON REQUEST.

**Hi, Welcome to the All New 2016 Shook Products Catalog.**

I am **Jiffy**, the Fighting Chuck. Throughout this catalog you'll see me. When you do, **BE SURE TO READ WHAT I HAVE TO SAY!**

By the way, did you know that Shook invented the Hex Magnetic Driver, or like we call it, the Jiffy Chuck? That's right! It became known as **The Original Magnetic Jiffy Chuck**. This Superior Quality Tool has been an Industry Benchmark for more than 50 years. Remember, when it comes to "Chucks", ask for the original "Jiffy Chuck"!

## Product Packaging Key

# The Original Magnetic JIFFY GRIP Chuck

## For IMPACT Drills & Standard Drills

The **lobular** design reduces stress and significantly increases strength.

New **stronger** magnet holds ferrous screws better. Provides exceptional performance.

*Precision Manufactured to ISO 9000 Standards-Industrial Quality*

**Lobular** socket design drives screws on the flats, preventing rounding. Also helps protect the finished screw heads.

# “Jiffy Point” Screws

Full 1/4” (No. 8 & No. 10) Indented  
Slotted Hex Washer Head.

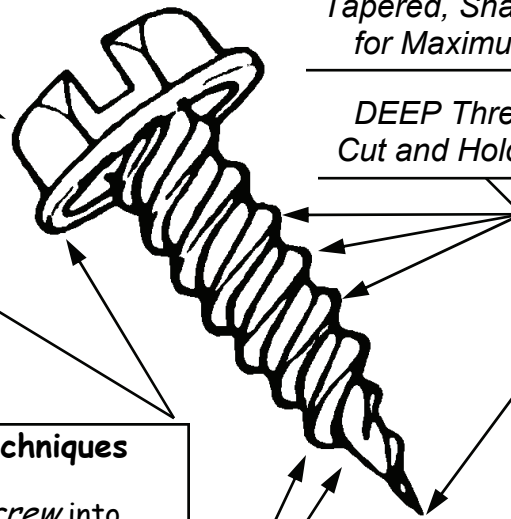

Zinc Plated

*Unique Hard Point ...  
Tapered, Sharp & Heat Treated  
for Maximum Penetration!*

Undercut Washer Seats  
Flush and Holds Tight

*DEEP Threads...  
Cut and Hold Tight!*

ALSO AVAILABLE WITH A  
BONDED SEALING WASHER

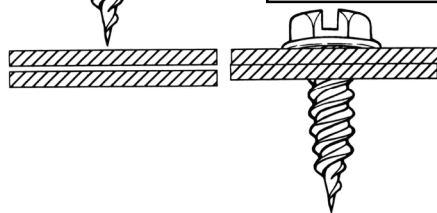

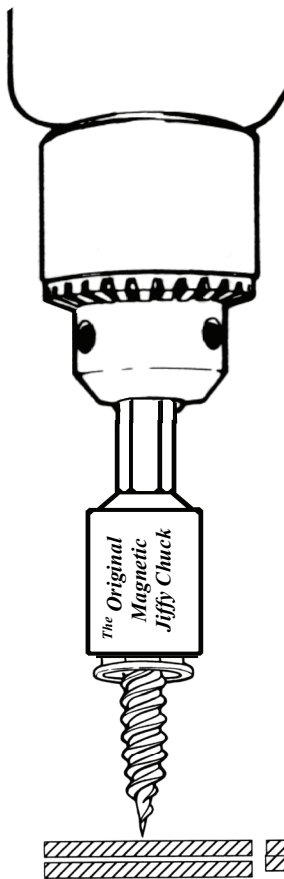

**Driving Tips and Techniques**

- Place “Jiffy Point” Screw into The *Original Magnetic Jiffy Chuck*.
- Press point of screw firmly against material to be drilled and fastened.
- Depress electric drill trigger to begin drilling.
- Once the screw threads engage the material, feather the drill trigger to tighten the “Jiffy Point” Screw.
- Driving technique may vary for lower speed, cordless drills or drills and screw guns with adjustable torque or automatic clutch features.

**Combination Twin Thread ...**  
*Single starting thread machined to the hard point of the screw.*  
*Second thread above the point for faster penetration*

The “Jiffy Point” screw. The perfect screw for easy 1-step fastening of a wide range of materials.  
 Layered light gauge galvanized sheet metal  
 Heavy gauge sheet metal  
 Laminates  
 Composition board  
 Plastics  
 Plywood  
 Hardwoods  
 Construction lumber

\*\*Note: Each production run is tested for drill time.

Test results available on request

“Jiffy Point” Screws offer excellent performance using an electric drill, screw gun, or driver.

**SHOOK**  
AKRON, OHIO U.S.A.

This product contains a mixture of domestic articles and articles from one or more foreign countries, including the following: Japan, Taiwan, Korea, China.

### Driving Tips and Techniques

- Place "Jiffy" Point Screw into The **Original Magnetic "Jiffy" Chuck**.
- Press point of screw firmly against material to be drilled and fastened.
- Depress electric drill trigger to begin drilling.
- Once the screw threads engage the material, feather the drill trigger to tighten the "Jiffy" Point Screw.
- Driving technique may vary for lower speed, cordless drills or drills and screw guns with adjustable torque or automatic clutch features.

Test results available on request

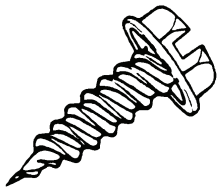

"Jiffy" Point Screws offer excellent performance using an electric drill, screw gun, or driver.

Cut and Hold Tight!

### Tips and Techniques

Place *Jiffy Drilтип Screw* into  
The *Original Magnetic Jiffy  
Chuck*.

Press firmly against material to  
be drilled, tapped and fastened.

Depress electric drill trigger to  
begin drilling.  
Once hole is drilled, feather the  
drill trigger to tighten the *Jiffy  
Drilтип Screw*.

Screw Size	Threads Per Inch	Drill Point Size
# 8	18	#2
#10	16	#3
#12	14	#3
#14	14	#3

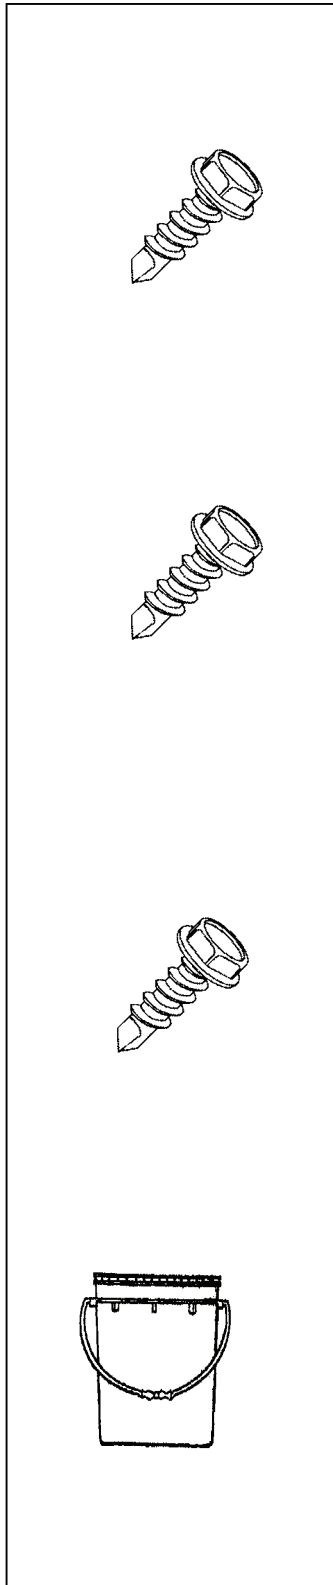

The *Drilтип* Screw. The perfect screw for easy 1-step fastening of a wide range of materials...

- Sheet metal
- Structural steel
- Laminates
- Composition board
- Plastics
- Plywood
- Hardwoods
- Construction lumber

For optimal performance, an electric drill, screw gun, or driver rated at 2500 R.P.M. is recommended when fastening various materials with *Jiffy Drilтип* Screws.

# Bell Hanger Bits— For Thermostat Wire Installation

## Stiff Shaft for Wood

40628	Bell Hanger Bit— 1/4" x 12"	1
40630	Bell Hanger Bit— 1/4" x 18"	1
40632	Bell Hanger Bit— 1/4" x 24"	1
40634	Bell Hanger Bit— 1/4" x 36"	1

## Stiff Shaft for Masonry

40794	Bell Hanger Bit— Stiff Shaft for Masonry—	1/4" x 18"	1
40798	Bell Hanger Bit— Stiff Shaft for Masonry—	3/8" x 18"	1

## Jiffy Quick Change 1/4" Hex Power Shank High Speed Drill Bits

1/4" Hex Shank— No Slipping  
Titanium-Nitride Coated

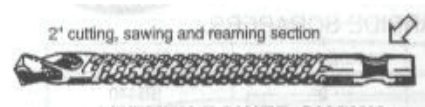

Use With Jiffy Quick Change Adapter

Bar Code Number	Item Description	Length	Package Quantity
40416	1/8" Hex Shank Drill Bit	2-3/4"	1 Bulk
40417	9/64" Hex Shank Drill Bit	2-7/8"	1 Bulk
40428	3/16" Hex Shank Drill Bit	3-1/8"	1 Bulk
40440	1/4" Hex Shank Drill Bit	3-5/8"	1 Bulk

## Jiffy Quick Change Drill Router

1/4" Hex Power Shank— No Slipping  
Use with Wood, Plastic, Metal

Bar Code Number	Item Description	Length	Package Quantity
10597	Jiffy Quick Change Drill Router		1 Bulk

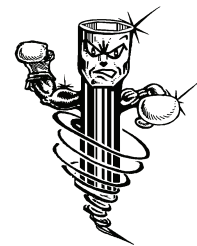

## SDS Hammer Drill Bits

For drilling in concrete, brick, stone, and other masonry materials.  
Double spiral flute clears dust quickly & reduces friction.  
Made to ANSI standards.

**ROTARY  
PERCUSSION  
PROFESSIONAL  
GRADE**

Bar Code Number	Item Description	Size	Length	Package Quantity
14403	SDS Hammer Drill Bit	3/16"	4"	Pkg.

# “Jiffy” Tools - Plumber’s Supplies

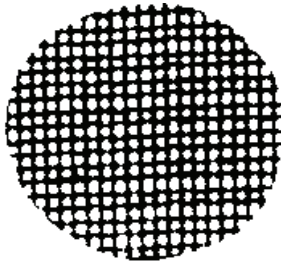

## Plumber’s Abrasive Roll

**Aluminum Oxide Cloth – Closed Coat, 120 grit, Brown Cloth**

Aluminum oxide, high quality 120 grit, abrasive cloth to thoroughly clean copper and steel tubing.

Works wet or dry.

Exceeds industry standards for abrasive cloth.

Bar Code Number	Item Description	Quantity
13800	Abrasive Cloth – 1-1/2” x 10 YD	1 Each
13802	Abrasive Cloth – 1-1/2” x 25 YD	1 Each

**Open Mesh Sand Screen Cloth – 180 Grit – 100% Waterproof**

Aluminum oxide grain resin bonded to synthetic nylon cloth.

100% waterproof, but can also be used for dry sanding by hand or with portable tools.

Most effective where clogging is a problem, such as soft materials.

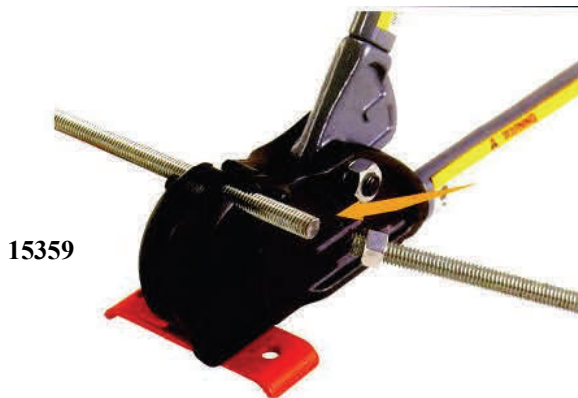

13806	Abrasive Cloth – 1-1/2” x 10 YD	1 Each

# SHOOK MANUFACTURED PRODUCTS, INC.

## PRIVATE LABEL BRAND PROGRAMS

Low inventory requirements - program minimums as low as 50 units per size and style

No additional charge for artwork development

Your company logo or brand identification and part number

No charge for bar coding

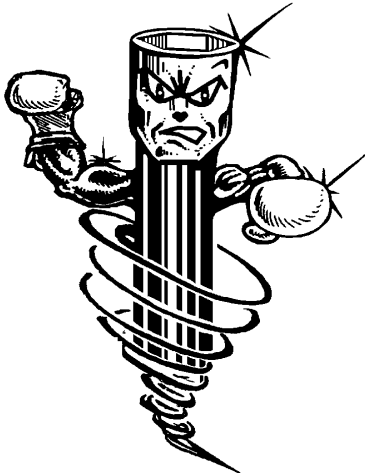

### PROGRAM BASICS:

- Establish items to be private labeled, place a blanket order for the agreed upon units per size and style.
- 
- Shook will build and release product against the distributor's incoming orders. When the amount released reaches 50% of the blanket order, Shook will automatically rebuild to the agreed upon stocking amount.
- 
- The distributor is obligated to provide Shook with an agreement to take any private label stock not released over a six month period.
- 
- Shook will notify the distributor's stocking status at six month intervals, thus providing an opportunity for the distributor to rebalance requirements.
