Duct tape simplified

3M™ All Purpose Duct Tape DT8

Conformable with instant bond

Unique design offers high instant adhesion coupled with maximum conformability.

- Ideal for contoured surfaces and quick labeling
- Good tensile strength for light-duty bundling
- Use for poly abatement, quick repairs, splicing, temporary holding and fast attachments

3M™ Heavy Duty Duct Tape DT11

Versatility with holding power

Good holding power with a broad attribute performance make this the go-to choice.

- Sticks immediately and stays on irregular, hard-to-bond surfaces without lifting—even on most plastics
- Water-resistant polyethylene backing resists wear and light abrasion—good for securing temporary floor coverings
- Moisture-resistant seal in many containment situations, such as pipe sealing and attaching heavy poly draping
- Low-tack roll edges so rolls stay cleaner

3M™ Super Duty Duct Tape DT17

Super thick for super tough jobs

Ultra-thick, water-resistant backing resists wear and abrasion while still tearing easily by hand.

- Aggressive rubber adhesive grips instantly to a variety of surfaces including metal, glass, plastic and sealed concrete
- Excellent for repairing, seaming, extra-strength bundling and helps in protecting metal parts and surfaces against sandblast overspray
- Superior strength for the most demanding applications
- Low-tack roll edges so rolls stay cleaner
