Technical Education Solutions

Starting a new career can be one of the most nerve racking experiences in a person's life. For a technician, starting out can be especially tough when making that initial investment in the tools necessary to make a living in the future. GearWrench and our Technical Educational Program (TEP) can help ease that anxiety. We work with the leading instructors, institutions, and OEM manufacturers to ensure that when a student purchases a GearWrench TEP kit from an authorized distributor, they have the right tools for the job from day one, all without putting the student into severe debt. The bottom line is GearWrench provides students with fully featured products at a significant value.

GEARWRENCH® Master Sets

The GearWrench Technical Education Program features carefully designed sets to fully equip the Student Technician with the tools necessary to conquer the service and repair challenges in today's Automotive, Heavy Duty/Diesel, Machinery, and Aviation fields.

Each tool set features innovations in speed, access, and design, hallmarks that have established the GearWrench® brand as a leader in quality, professional hand tools.

Each Technical Education Set also includes storage for sockets, wrenches, screwdrivers, and other tools to help promote efficient tool organization.

ARMSTRONG® Master Sets

The Armstrong Industrial Hand Tools Master Set Program allows professional technicians to choose the set that best meets their unique demands. Armstrong offers a complete line of fractional and metric sets including single drive size sets and multiple drive size sets that range from 1/4" through 1". Each Master Set is designed to include the most popular sizes and innovative new products such as the Armstrong Ratcheting Wrench. Whether it's the 1,165 piece Ultimate Master Set—the largest set in the industrial market — or a 62 piece Basic Set, each Armstrong set has been developed to help the professional technician accomplish even the most difficult industrial application quickly and effectively. That's the Armstrong Performance Difference.

Each Master Set provides the professional technician with the ability to select the tool storage system that fits their demands. Choose from Industrial Series tool boxes, Standard Series tool boxes—or you can order only the tools and choose the particular box that best suits your needs. Every Armstrong tool box is available, including the largest in the industry—the Triple Bay Industrial Series Tool Box.
